

How to search for a doctor

Find a doctor, hospital, lab and other providers in your network on myuhc.com.

Start here.

- 1 Go to myuhc.com®.
- 2 Select [Find a Provider](#) under the **Find a Doctor** tile.
- 3 Choose [Medical Directory](#).
- 4 Choose [All UnitedHealthcare Plans](#).
- 5 Scroll down and select [SignatureValue Plans](#).
- 6 Choose [Medical Directory](#).
- 7 Select the **state** in which you live.
- 8 Now, choose your **health plan network**.
- 9 Finally, enter your **home address or ZIP code**.

Note:

If you do not have a doctor's name or specialty, facility name or medical group in your designated ZIP code area, or you are searching for a new one, select [People](#). Then, follow the steps to find a new doctor.

Selecting your primary care physician (PCP).

You will need to select a PCP at the time of enrollment in your UnitedHealthcare SignatureValue® HMO plan. A PCP may be selected for the entire family or each covered member may select their own. If a covered member selects their own physician, the physician must be located in a town or city near where you (the subscriber) live or work—not where your family member lives or works.

Please check with your physician's office before enrolling to confirm any patient age restrictions.

Once you have selected your PCP, click on **Enrollment Information** and make note of the Provider ID number as you will need to select a PCP at the time of enrollment.

If you do not select a PCP during enrollment, a PCP in your geographic area who is accepting new patients will be assigned for you.

Under the **Enrollment Information** tab, you will find the Provider ID number. Please indicate the PCP's name and ID number on your enrollment form.

Important: Some PCPs may have more than one ID number based on their medical group, locations or hospital affiliations. Please be sure you select the ID number that aligns with the medical group, location and hospital of your choice.
