HEALTH REIMBURSEMENT ARRANGEMENT

Introducing the SCPT Health & Welfare Fund HRA Debit Card

The Board of Trustees is pleased to announce that the SCPT Health & Welfare Fund has partnered with WEX Health to offer HRA debit cards.

In the coming days, WEX Health will mail you two HRA debit cards in your name, along with activation instructions.

The debit cards will be loaded with your available HRA Allowance and reloaded as additional funds become available.

HRA debit cards can be used by you and your eligible dependents to pay for a variety of covered health expenses at the time of service/purchase, such as prescriptions, medical supplies, co-insurance and deductibles.

You will also have access to an easy-to-use HRA Benefit online portal and mobile app (available for Apple & Android users) to submit HRA reimbursement claims, check claim status, as well as view available HRA Allowances, and recent payment activity.

Always save your itemized receipts. You may need to provide supporting documentation later based on IRS rules.

Helpful guides for the mobile app and online portal, along with links to the mobile apps can be found on www.tinyurl.com/scpthra. A list of eligible HRA expenses can also be found here.

Be on the lookout for your HRA debit cards.
 Cards will be mailed to participants in June 2022 by WEX Health.

For more information, contact the Fund Office.
